Teams select two birding sites that have distinct boundaries (examples: state/county/city park, NWR, WMA, nature center, TNC property) and may bird for up to 24 consecutive hours at each site, minus driving time between sites, in the 48-hour period. Final checklist is combined list total for both sites. No birds may be counted while driving between sites, only within boundaries of each of the two sites.
Outta-Sight Song Birder Tournament - Intact Flock	all ages	3-5	up to 12 hours in a single day (midnight to midnight); hours do not need to be consecutive		<b>X</b>	Intact Flock = Team members bird and travel together. This tournament is for birders who are blind or visually impaired. One sighted person per team allowed but not required. Sighted person must be blindfolded restricting bird identification to sound-based ID only. Driver/record keeper may not assist with bird location or identification.

\* There are 9 different regions based on the Great Texas Wildlife Trail. Teams in these tournaments must select their Great Texas Wildlife Trail region (see Regional Tournament Map on Birding Classic website), indicate that selected region on their official team registration form, and stay within the boundaries of that region on their tournament day. Teams in regional tournaments compete against all other teams from the same region for each tournament category.

\*\* Teams participating in a statewide tournament category are not confined to any one region of the state but instead compete against all other teams in that same category, regardless of area birded.

\*\*\* "Dispersed Flock" teams may put together a team of birders each located anywhere in Texas or in your selected region (depending on if you're entering a statewide or regional tournament). Teams must identify a single list collector for their team who will combine all team members' individual "patch" lists for the day into a single checklist on eBird. The list collector will then share this single cumulative list with the "GTBCStaff" eBird account as the team's official final checklist.
