Description:

Abstract: State of Texas county boundaries 1:24,000 scale.

Supplemental_Information:

Source data was obtained from the Texas Department of Transportation and processed into a state-wide coverage by TNRIS.

Coastline: This coverage contains a detailed version of the Texas coastline, including bays and estuaries. It does not contain the 3-marine league line, which is the legal boundary separating state and federal ownership.

The above information was provided by TNRIS in a text file contained in the cntycst24.zip file.

TPWD GIS Lab: The TNRIS boundaries were combined with the attributes from the GLO county file (counties.e00).

This metadata was prepared by the TPWD GIS Lab.
